

Adobe Premiere Elements – Course Profile

AIMS OF THE COURSE

- ▶ to explain Premiere's basic tools and features
- ▶ to provide practical experience of the program
- ▶ to provide a firm basis for further training

PRE-REQUISITES

- ▶ a general working knowledge of Windows, including use of the mouse for selecting from menus, 'drag and drop', right clicking for context-sensitive menus and creating new folders using 'My Computer' or 'Explorer'.
- ▶ some basic knowledge of the Premiere program would be an advantage but not essential

TEACHING STYLE

Students are guided through a series of lessons and practical exercises. Each lesson is targetted on specific learning points which are fully supported by a comprehensive training manual.

Delivery of the course can be on a small group basis in **London**, or even '**On-site**' using your own equipment. It can also be customised to be delivered on a 'one-to-one' basis

SUPPORT AFTER THE COURSE

We hope that our comprehensive course manual will provide you with first class support after the course.

However, should you have a problem with any of the course content you have 'personal tutor support' for up to three months following the date of the course.

We pride ourselves on our friendly and efficient support and indeed we rely upon it to encourage students to come back for more advanced training.
